SUPPORT

Easymount® laminators are designed to perform and built to last.

Their advanced features allow you to laminate, mount and encapsulate too.

Designed in-house by Vivid, the Easymount® range gives your business extra capacity by allowing you to offer your customers a complete service that you previously had to outsource.

▲ EM-1600SH

Easymount gives you the flexibility and versat

Cost effectiveness

The versatility of Easymount® laminators makes them incredibly cost-effective, meaning you can now truly offer a one-stop shop for print and finishing.

The range includes everything from entry-level models for those still finishing jobs by hand, to professional heavy-duty models that will cope with every application all day, everyday.

Lamination in depth, control in abundance

The range of Easymount® laminators covers every job you need.

As they're designed in-house by our experts, we can make sure that everything about them is aimed at helping you to do that job more efficiently, more cost-effectively and more reliably.

▲ EM-1600SH Rear View

◀ Get stuck in

You can apply more than just laminates – the Easymount® range allows you to also lay down application tapes and vinyls, removing the need for squeegeeing by hand.

The feed table also lifts up, making it easier to load rolls of material, increasing effectiveness and minimising hassle.

▶ Fingertip control

Our exclusive patented multilingual control panel is simple and very easy-to-use.

It's available in English, French, German, Spanish and Italian.

Anyone can use it with the minimum of training, and it allows you to take complete control.

Whatever you need, you can achieve with absolute accuracy, quickly and easily.

ility you need.

▶ Easymount by name, Easymount by nature

Designed for simple, high quality results in a matter of minutes with the minimum of fuss and training.

They're also extremely efficient – our patented pressure gauge handle ensures that you choose the correct setting every time quickly and easily.

Anyone can quickly operate an Easymount®.

▶ Covering every angle

When you are preparing a longer run, the optional take-up unit enables you to work with reel-to-reel lamination, saving time and making it more efficient, too.

“ My Easymount has transformed my business. I can finish the job when I’m ready, without having to call on a specialist finisher. ”

- large diameter rollers
- solid heavy duty construction
- magic eye safety feature
